

National Tracking Poll #2308198
September 01-03, 2023

Crosstabulation Results

Methodology:

This poll was conducted between September 1-September 3, 2023 among a sample of 2219 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, gender, race, educational attainment, region, gender by age, and race by educational attainment. Results from the full survey have a margin of error of plus or minus 2 percentage points.
