A Powerful Program for Advocacy

What is Nuclear Matters?

Nuclear Matters is a bipartisan campaign to engage and inform policymakers and the public about the need to preserve existing nuclear energy plants due to their critical role in America's energy mix.

Grassroots and Advocacy

NAYGN Hill Day May 14th, 2013

Case Study: Grassroots Advocacy on a Regulatory Issue

- In 2013 the U.S. Court of Appeals vacated a ruling it made on the Nuclear Regulatory Commission's "waste confidence" decision.
 - 12 public meetings throughout the country for grassroots mobilization
 - Public comment period
 - Engagement with all assets including comment letters from advocates and thought leaders
