TargetCitizens is a separate segregated fund organized under the Federal Election Campaign Act and was created for the purpose of making contributions to and expenditures on behalf of federal, state, and local candidates and other committees. TargetCitizens may only receive contributions from U.S. citizens and foreign nationals with permanent residency status. Contributions to TargetCitizens must be from personal funds and may not be reimbursed by any other source.

Any decision to contribute to TargetCitizens is voluntary; you have the right to refuse to participate without fear of reprisal. Contribution guidelines are merely suggestions; you are free to contribute at any level, or not at all. The amount given, or a decision not to give, will not benefit or disadvantage you. Contributions by payroll deduction may be changed or terminated at any time by contacting TargetCitizens@target.com.

Contributions to TargetCitizens are not tax deductible as charitable contributions for federal income tax purposes, and a donor may not receive a tax deduction for contributions made to charities through the PAC match program. Federal law requires TargetCitizens to use its best efforts to collect and report the name, address, occupation, and employer of each individual who contributes more than \$200 in a calendar year.
