

THANK YOU.

Contributions or gifts to the AHAPAC are not deductible as charitable contributions for federal income tax purposes. Your contribution is important to us, but we want to emphasize that all contributions are voluntary and have no impact on your job status, performance review, compensation or employment. Any amount given or the decision not to give will not advantage or disadvantage you. Federal law requires us to use our best efforts to collect and report the name, mailing address, occupation and name of employer of individuals whose contributions exceed \$200 in a calendar year (January-December). Contributions to AHAPAC will be used for a political purpose.

Wear it with pride.

America's hospitals play a vital role in every community. That's because just as hospitals are always there for our communities, AHAPAC is constantly working to protect these important institutions.

So far this year, thanks to the support and generosity of hospital community members like you, we are well on our way to reaching the 2016 goal of \$2.33 million. This gives us the funds needed to support candidates for federal office who understand and support the role hospitals and health systems play in serving our communities.

Please join me in proudly wearing your 2016 AHAPAC pin as a symbol of one of the most important ways hospitals can maintain their visibility in Washington. Your generous support sends a strong signal that our advocacy work in Washington is one of our highest priorities as an organization. It's the difference between having a seat at the table...or not.

As a member of the Capitol Club, you will receive an invitation to the AHAPAC appreciation luncheon held during the AHA Annual Membership Meeting in Washington, D.C. and the AHAPAC reception held at the Health Forum/AHA Leadership Summit in San Diego, CA. It takes every one of us to build a better health system for all. Thank you for doing your part, and for helping AHAPAC continue to grow strong in the year ahead.
