

Sample Mission Statements

1. Our PAC's purpose is to:
 - Create a “better” body of elected officials for the group's bottom line objectives, to achieve long term goals.
 - Support our friends seeking office
 - Defeat our adversaries seeking elected office.
 - Politically educate, motivate and mobilize a broad range of (PAC eligible) employees.
2. The PAC is dedicated to supported candidates for the United States Senate and House of Representatives who adhere to the principles of good government and understand the concerns of our industry.
3. To promote good citizenship and good government through the personal and financial participation of its members on a non-partisan basis.
 - Our PAC will make contributions to political candidates who share the philosophy of creating a fair and reasonable climate for our industry.
 - Equally, we will foster good citizenship and involvement among eligibles through programs that encourage active participation in the political process. Involvement in political action committees in the most legal and open avenue for political participation in our election system.
4. To increase awareness about our PAC, encourage participation in the political process and make contributions to qualified candidates for public office.
5. We, the members of our PAC, in order to encourage involvement in the political process and to help the organization achieve its strategic goals:
 - Support the election of the best candidates, irrespective of party,
 - Embrace the value of civic and ethical responsibility,
 - Encourage voting as the fundamental right of citizenship, and
 - Educate ourselves on public policy issues that affect the association, our industry and our community.
