

ENPAC Member Survey

Overview

Page description:

As a member of ENPAC, you are among those who recognize the importance of employee participation in the political process. Because Entergy operates in a highly regulated industry, it is important to make sure that the interests of the company's four stakeholder groups (owners, customers, employees, and communities) are adequately represented before legislators and regulators. Entergy Civic and Social Responsibility (formerly Public Affairs) supports the six ENPAC committees. We are interested in your satisfaction with the return you receive from your contributions to ENPAC, and your feedback on how we can improve the program. We ask that you please complete the following survey. All of your answers will be strictly confidential. Upon full completion, you will be entered in a drawing to win 250 reward points to be spent in the online rewards catalog.
